

## QForm Extrusion Seminar. Dubai 21 October 2018

Profile extrusion simulation.  
Effective solutions and latest developments

### Location and contacts:

Hilton Garden Inn Al Mina,  
Al Mina Road, Port Rashid,  
PO BOX 50831, Dubai, UAE

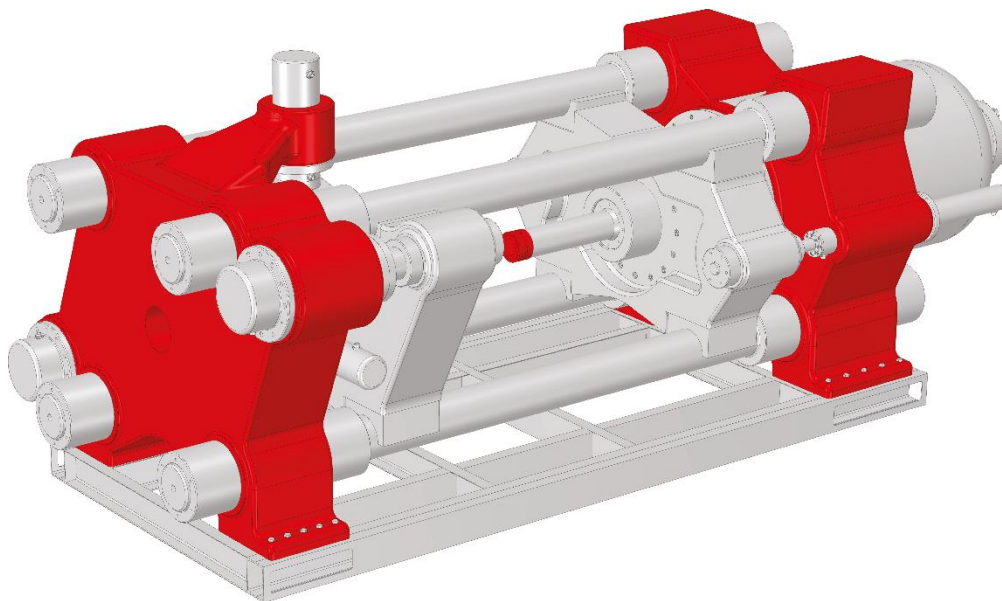

Ivan Lishniy  
Tel: +7 (906) 062 65 29  
[ivan@qform3d.com](mailto:ivan@qform3d.com)

Registration: [www.qform3d.com/dubai](http://www.qform3d.com/dubai)

Participation fee: FREE

### Recommendation:

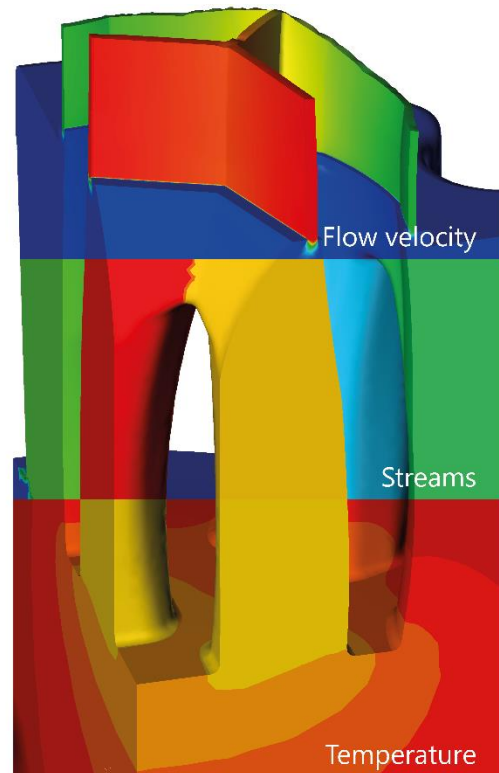

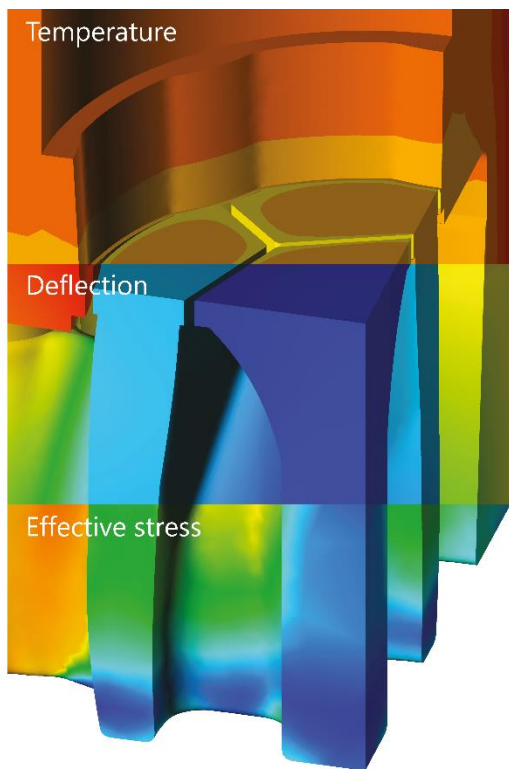

For more effective participation in the seminar, please, bring your laptops with you to be able to simulate interesting projects and to get new simulation skills during the event.

**QFORM – YOUR VIRTUAL PRESS**

## PRELIMINARY PROGRAM

10:00	<b>Welcome of participants</b> <i>Mr. Ivan Lishniy, Business development manager, QFX Simulations Ltd.</i>
10:10	<b>Examples of the effective use of QForm. Comparison of simulation and experiment</b> <i>Mr. Ivan Kniazkin, Leading engineer, QFX Simulations Ltd.</i>
10:40	<b>Industrial experience: Simulation applicability for extrusion companies</b> <i>Mr. Suresh Annadurai, Die Shop Manager, Gulf Extrusions Ltd.</i>
11:10	<b>QForm Extrusion Die Designer (QExDD)</b> <i>Mr. Ivan Kniazkin, Leading engineer, QFX Simulations Ltd.</i>
11:40	<b>Lunch break</b>
13:00	<b>Economic aspects of simulation software implementation</b> <i>Mr. Ivan Lishniy, Business development manager, QFX Simulations Ltd.</i>
13:30	<b>QForm Extrusion. New features and developments</b> <i>Mr. Ivan Kniazkin, Leading engineer, QFX Simulations Ltd.</i>
14:00	<b>Industrial experience: QForm Extrusion as a tool for die designing</b> <i>Mr. Vijeesh Peachanath Rajeeve, Die Corrector, Gulf Extrusions Ltd.</i>
14:30	<b>Individual demonstration, training and discussion</b>

QForm Extrusion calculates material flow fully coupled with temperature and deformation of tool considering distortion of die set elements
